It was a good opportunity for each and every student to express himself or herself on the stage and it was a motivating force to develop their confidence in learning English. To create interest for the language some appropriate English PPT'S were shown to them. In the last session of the programme test was taken to check the progress of the students. In the programme students relaxed and enjoyed togetherness with each other's company.

Atmosphere was created in the lecture hall for the students to speak only in English. The medium of language for every speaking activity was English. The students were encouraged by the Teachers and Resource persons to communicate only in English. The course was fruitful. It was seen in the students who really worked hard and made a lot of effort to speak in English. The programme was well prepared with the help of all teaching and non-teaching staff of the college. Everyone who was present there enjoyed the programme and appreciated the students for their wonderful performance. Thereafter with the distribution of the certificates the course was concluded and most of them left the lecture hall in tears because they had lived as the members of one family.
