It uses Vriddhi Software for Admission, Examination Department and for student database E Granthalya Software for college Library. The use of information technology in educational management has rapidly increased due to its efficiency and effectiveness. In the initial stages of its development, management information systems (MIS) main purpose and usage was to improve the efficiency of college office activities. It was used to store personnel data of the student. The most concern was being focused on data entry and collation, rather than upon data transfer or analysis. The value of management information was recognized during its integration stages. Overall review of literature highlighted positive impact of MIS on college administration and management including better accessibility. The college has been using Vriddhi software, which covers all administrative aspects as admission, examination, etc. The data collected through software is processed</p>

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Yes, the institution mentor and mentee system is partly available. The college has practiced a system of mentoring called teacher mentoring system. At the beginning of the academic session, mentees (student) name along with their mentors are displayed on the college notice board. They are also entrusted with the task of monitoring the attendance and academic programs of the needy students. The commencement of academic session the mentor conduct general orientation programmers for the mentors by which they are well acquainted with the working of the institution, their is tasks the goals and mission about the facilities made available by the mentor for the mentee to kipping in the mind, rules and regulation of the institution, college and affiliation university. Mentor should be maintained record in details. Above each individual, mentee including educational background and socio economic status. He should also obligatory to maintain record about their class attendance. The mentors use formal and informal both the means of mentoring systems for gender sensitivity and social responsibility of students or mentee in good manner. All the departments of the college, however the faculty members maintain close connection or relationship with the student or mentee and assist them about various aspects of the life and liberty. The part of his carrier with personal issues some departments like history and geography are carried or organized field work or survey of various places of well known Historical and Geographical. Site situation and location of the college is in rural in nature which forbidden the development of mentor and mentee without efforts or development becomes very difficult task for them both. Because there is least development of transportation linkages, eg, state highway and national highway are the kilometers away from the college. Which directly and adversely effects on the attendance of the mentee? Above type poor transportation and not easy accessibility facilities are major obstacle in the time to time communication of both which resists the expansion of educational environment, curricular and extra curricular development of the mentee. College and various departments organized various function like farewell function, publication of magazines wallpaper etc. Indirectly remain guides for the mentee or plays a vital role of mentor. Time to time mentor and mentee meets each other by way of teaching at time mentor explain him all the valuable ethics of life, society and social ties or binding or obligation of the mentee about the society. These valuable thoughts refresh mentee by mind very well. In short the development of mentee is possible directly and indirectly in modern age by which mentee gets benefited orally. Because in recent period, Gurukul tradition is not in existence in reality and not possible for both. Due to this efforts made by mentor and mentee are sufficient for successfully development of this system.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

An Introduction to Folk Arts 1. Title of the Practice: "An Introduction to Folk Arts" 2.Goal: "To study local folk tradition and make aware the students of our old culture and tradition. • To enable students to preserve Folk Arts at global and local level. • To inculcate value based education among the students • To develop a cultural consciousness and attitude between students and society for the awareness of cultural transformation. 3. The Context: The Institution is located in rural area, due to which many students are well known of the folk arts but due to modernization they attracted towards cultural transformation which is totally disturbing the folk arts and tradition. Day by day all folk arts are vanishing due to the emergence of new lifestyles and attack of foreign culture. Old folk arts like Kirtan, Tamasha, Lavani, Povada, Ovi, JagranGondhal, Bharud, Vasudev, Lalit, Pingla,, Davari, NandiBail etc. are hardly seen exist in our cultural country like India. Our effort is to make aware students and localities to preserve and make know about the existence of folk arts. 4.The Practice: The institution has started the following Folk Arts programme from academic year 201819. Participation of the students in Folk Arts Program: Information about the folk arts program is displayed on the notice board of the college. Students who wish to join this program are welcomed and the process of participation is done with making the list of interesting

students. •All interested students of UG level are participated. •The programme is designed by the IQAC with coordination with Marathi and Hindi Departments. The experts from these areas from various fields, Parents, Alumni, are invited for speech on the topics. • The institution has appointed the coordinator for this Programme for the smooth functioning. • Classes of Folk Arts are conducted between the regular sessions which is for 05 days every year • ICT based equipment are useful for the better presentation of Folk Arts. • The evaluation process of this folk arts program is carried out through feedbacks of presentation and other activities related to the programme. • Some catchy shots and participation of the students are preserved with small clips and photos by the institution. 5. Evidence of Success: • The above mentioned efforts help the students to introduce the folk arts at various levels. • Outcome of our best practice the student impressed with the reality of the folk arts and they changed their attitude positively to look at them with keen interest. • ,RohitKamble, DipakMagar, AkashPathve,AmolTakale etc. are benefited with this program and they have contributed their part in Folk Arts. 6. Problems Encountered and Resources Required: • Modern mind set is the major hurdle in awareness of traditional folk arts. • Most of students are not benefitted only because of their passive participation and inferiority complex to present themselves in folk arts. • Institution provides all necessary infrastructure and resources for the successful implementation of the program but due to the limitations of reference material. 7.2.2. Self Defense Program for College Girls 1. Title of the practice: Self Defense Program for College Girls 2. The context that required the initiation of the practice: Today girls are feeling insecure due to the lack of confidence among them and being their girlhood. It is our honest effort to make them aware of their strength and build up the confidence among girl students so that they should come out of their inferiority complex through education and such training programme of self defense. 3. Objectives of the practice: The programme like selfdefense will encourage them to build their strength and they should think carefree from the dangers. The main objective of this programme is to make them aware of the dangers in the society. They should know how to tackle the difficult situation if they are alone in the society. This will increase the mind set off lot of girls in different way by protecting themselves. 4. The Practice The college organizes five day training program for the girls students of the college. The program was basically formed for the self defense of the girls of the college. This program was initiated by our college principal Dr. ShantilalGhegade. More than 25 girls were participated in this program. Director of Taekwondo Association Shri. Santosh Barrage was the skilled trainer to train the girls. Physical Director Dr. Ravindrashirke was associated with him in this training program. Through this training program girls learnt many skills of Taekwondo like Kicks, punch, spring technique, throwing, plumes etc. by the success of this program our college look forward to organize such programs in future also. 5. Obstacles faced if any and strategies adopted to overcome them The Events of the series take place on the open ground of the college. Out of the five days, the winter disturbs the activity on one or the other day. College assumed that more than 100 girls will participate but only 25 girls were interested to attend this program. 6. Impact of the practice: The selfdefense training program has great impact on the girls students. Learning from the skilled trainers from all types of defense styles initiates the process of empowering the girls. It is seen that students, in particular, learn how to protect them from danger.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

7.3.1 Institutional Distinctiveness Title of the practice: "Karmaveer Bhaurao Patil Earn and Learn Scheme". Objectives of the practice: To identify and help needy students and inculcate work culture, right aptitude and dignity of labor.

To teach the students to earn while they learn and Create sense of responsibility among them. To sensitize them on the issue of gender equality and to create society free of caste, creed and religion. The Context "Education through self help" is our motto. Since its inception in October 1919, Rayat Shikshan Sanstha, Satara had started earn and learn scheme. Karmaveer Bhaurao Patil, founder of the institute started his visionary work by opening hostel and starting earns and learn scheme for needy students of all castes, creeds, cultures and religions. Our college picks an idea and started earn and learn scheme for needy students of socially and economically disadvantaged groups.

The practice Earlier scheme was supported by college through its own funds. Now Savitribai Phule Pune University, Pune provides funds for it. Assistance from University is limited and large number of student is aspired to participate in the scheme. During this year 2019-20 , 13 candidates have been working in this scheme, belonging to different castes, creeds, religions and family backgrounds

issues relating to earn and learn scheme have been discussed in detail and resolved to make it more effective and user friendly .Student participants work on the college campus at public places to sweep and wipe general amenities and keep them clean. They have learned to clean and maintain grounds and assists administrative work and data, trees and greenery over the campus. They work under the supervision of Students Welfare Officer. Evidence of Success The students enrolled under this scheme helps in keeping the campus clean and lush green. The college has spent about Rs. 69525/ on earn and learn scheme in 2019-20. Statement showing year wise expenditure on earn and learn scheme during last 4 years. Year No. of students benefitted University Share(Rs.) College Share (Rs.) Total Expenditure (Rs.)

2019-20	13	62572	6953	Total 69525

Male and female students are doing same work with equal remuneration, addresses the issue of equal status of gender and sensitize them about gender equality. Problems Encountered and Resources Required Earn while you learn is our mission statement to educate socially and economically backward classes, downtrodden and disadvantaged groups. While running the scheme we came across problems like, scarcity of funds and constantly increasing number of students willing to join the scheme. Notes With an effective implementation of 'Earn and Learn Scheme' this college is keeping its campus clean, neat, green and maintained. No doubt funds required for the scheme is a problem, however, we look forward for other institutes to join their helping hands for serving this noble cause of running the scheme.
